

TURBINE BLOWER TB-270

AgriMetal

TURBINE BLOWER TB-270

The AgriMetal Turbine blower marks another chapter in AgriMetal's long history of Turf Care Products. The turbine is constructed with an Aluminum Cast Turbine Propeller, which is electronically balanced to provide years of trouble free service. The drive coupling is 100% made out of steel and is backed up by a life time warranty.

The weather resistant wireless remote system provides no-delay throttle and chute control at your fingertips.

The AgriMetal Turbine Blower is powered by a KOHLER 27HP Pro-Command gas engine (2 years warranty) .

Our fenders are constructed of steel with exclusive impact resistant bumpers to re-enforce the overall structure.

The 6 gallon fuel tank allows you to get more done between fill ups.

Our exclusive muffler design has stronger bracketing and a 1/8 inch larger diameter exhaust manifold. This provides a stronger, quieter overall operation.

The 90 degree air chute is made of a composite material with an exclusive oblong shape outlet.

Our enclosed Turbine air intake provides minimal intrusion of debris in the turbine chamber.

The AgriMetal Turbine Blower is also offered on a skid mount for operation in a utility vehicle bed.

Specifications

Engine	27 HP - KOHLER COMMAND PRO
Drive	DIRECT
Fan design	AXIAL FLOW
Fan size	14" DIAM.
No. of fin	25
Chute rotation	360 DEGREES
Chute outlet size	OBLONG 9.5" x 14" (24CM x 35CM)
Unbreakable chute	STANDARD
Tire size	18 x 9.50-8
Gaz tank capacity	6 GALLONS
Wireless remote control	STANDARD
Length with out draw bar	60" (152CM)
Length with draw bar	104" (264CM)
Width	47" (119CM)
Height	40" (102 CM)
Machine weight	500 LBS (227KG)
Shipping weight	550 LBS (250KG)
Shipping dimension	50" x 50" x 46" HEIGHT (127CM x 127CM x 117CM)
